BEACH

## Introduction

Learn all about our coral reefs by participating in interactive presentations & outdoor activities organized by a marine biologist

Sign up now at  
Guest relations!

Age  
6-10

### 1 Save our corals

Dive into the pool with your own snorkel gear! Collect coral fragments and hang them in mini tree nurseries.

Age  
7-12

### 2 Beach safari

Visit the rock pools at the beach with a field guide and discover the marine animals that are hiding here at low tide.

Age  
8-14

### 3 Beach clean-up

Join us in a beach clean-up and help to protect birds and marine life from ingesting plastic or getting entangled.
